This fun "cool song" composed by Jerald Simon, is available to piano teachers and piano students under license with a Cool Songs Beginning Level Package by Jerald Simon. To learn more about Jerald's COOL SONGS and exercises, please visit his website at musicmotivation.com/coolongs.

This fun "cool song" is in the key of C Major in pentascale position, meaning that the student is only playing the first five notes from the C major scale. I have several students who love playing video games so I created the orchestration and instrumentation to have video game sound effects and an overall feel of being a "gamer". Have fun playing this!

Like a true "Gamer" would (M.M. ♩ = c. 120)
