Dol-phins play ev - ery day, in the sun!

* For fun try playing an F to a G in measure four instead of the F to an E (it's what I do in the video because I wanted students to choose which note they wanted to play.) I also liked going up since we went down in measure two. You can even switch back and forth from one note to the next.

Charlie and Gary are brothers but Gary is very lazy and **Charlie Does Everything For Gary!**
Memorize that phrase to help you remember the names of these five notes: C D E F and G.

Feel free to make copies of this and print it off for your piano students. You can make as many copies as you'd like for friends, family, other piano students and also other piano teachers who would like to play this. Have fun playing this "Cool Song"!
